RE: COUNCIL CAMP WEB STORE

Thank you for requesting to participate in Council Camp Web Store Program. Our goal is to help your camp offer camp merchandise to your campers and alumni, potentially on a year-round basis with little or no inventory cost. Operating fees (bank fees, packaging, customer service) will be covered by the sales on the website. We hope to expand awareness of your program within the local council and region at minimum cost, while creating additional operating funds for the camp

To get this process started, please complete the information below and email it with any camp logos or totems to **Ron@SGTradingPost.com**. We will confirm receipt of form and contact you about merchandise for your web store. Programming normally takes about 10 working days. It is recommended that the Camp Web Stores should be published 60 days prior to release of your seasonal camping guide.

Thanks,
SG Trading Post
